

Tool kitting and services so you can

# DO YOUR BEST WORK

The ToolKeepers team is endlessly curious about tools and passionate about helping people who rely on tools do their best work. We've honed our skills over 30 years in the custom toolkitting business, and continue to innovate to serve as a preferred government contractor.

## CORE COMPETENCIES

### Toolkits

- Organize and protect tools and critical equipment
- Custom designed
- Precision cut foam inserts
- Roller cabinets, stationery and mobile toolboxes
- F.O.D. bags

### Object Storage

- Safely store and transport valuable objects
- Firearms
- Drones
- Sensitive instruments
- Highest quality foam for shipping or field use

### Laser Etching

- Optimize the function of tools and toolboxes
- Add logos, text, part numbers, etc.
- Etch any metal, foam, or plastic surface
- No damage to tools/parts

## DIFFERENTIATORS

### Long-Lasting Quality

- Highest quality HDPE foam
- Precision waterjet cutting technology
- Tight tolerances
- Store and protect during transport
- Suitable for tough field environments

### Precision Design

- Custom engineering
- Professional CAD design
- Designed for specific tools to support proprietary processes
- The perfect solution for your needs

### Efficient Process

- 100% made in USA
- Order a single item or hundreds of identical items
- Our process minimizes waste
- All water and garnet used in the waterjet cutting process is recycled

## PAST PERFORMANCE EXAMPLES

### 1 – Stationary and Mobile Custom Toolbox Inserts

We have delivered custom inserts for roller cabinets and stationery toolboxes used in mechanical, healthcare, transport, combat, military, and other settings.

### 2 – Foreign Object Debris (FOD) Bags

Our FOD bag clients include the D.O.D., as well as healthcare and aerospace government contractors. ToolKeepers FOD bags assure that no foreign particles enter manufacturing or maintenance environments.

### 3 – Portable Field Kits

From first aid kits for military hospitals to portable maintenance kits on Coast Guard Ships, ToolKeepers designs, manufactures, and assembles field kits of any size or complexity using the most durable components.

### ToolKeepers is an authorized distributor of SKB Cases

Order SKB industrial cases directly from ToolKeepers. We outfit any toolbox or case with inserts designed for any contents.

### ToolKeepers serves the US Department of Defense and many other organizations

Because of the custom nature of our work we must be discrete about project specifics. Contact us if you require more past performance information.
